Repeat & Referrals

I am still amazed at the companies out there that advertise \$7.95/rm (of course with the "*" next to it). Every Thursday, I get a mailing from one of these companies. I actually save them. Did you ever notice that some of these companies change their name every 6 - 9 months? The phone numbers are the same, but the company name has changed. The company name has been so tarnished from either bad performance or "bait & switch" tactics (explained in #1 below), that the company must change its name to get

new customers.

Obviously, with this type of price, the company is either doing one

of two things: 1) The "*" is that it doesn't include all the things normal cleaning includes: deodorizing, spot & stain removal, moving of furniture, pre-spraying, etc. Of course they start

cleaning with these "add-ons" without telling you, and the price is hiked up 7 times. Or, 2) The company is in and out of the house in 15 minutes with poor cleaning performance. The whole goal of the company is to be in &

out of as many houses in a day as possible to make some type of revenue.

Maybe Pride Cleaning Services is old fashioned... we believe that the growth of our business relies on our customers. Pride Cleaning relies on SATISFIED customers like you for "Repeat" and "Referral" work.

We appreciate your business and work hard on every job to do the best cleaning possible. Our growth depends on it.
